Hi Teddy,

Thank you and your team taking the time to discuss with us about our payment plan. I am confirming our plan to pay \$20k a week in June while we are waiting for new financing to arrive in late June / early July which will allow us to bring our account to current. We also understand all new shipments will be COD until we are current.

Thanks,
Tony

Michael,

Apologize for the delay in payments. Nature's Intent is currently working on restructuring our business model. We are also working on our lending strategy and working on new financing hoping to secure by the end of the month. I have Fracht on my radar and will look to make a payment in upcoming weeks and the plan is once our financing is done to get Fracht to a current position. We appreciate your patience with our account. If you would like to setup a call and discuss further please let me know.
